EMPLOYMENT

BOOKKEEPER/SECRETARY

Wholesale nursery in Oregon seeking applicants for FC bookkeeper/secretary position. Job responsibilities include:
• MAS 90/200 and QuickBooks experience is required. Do not reply if you do not have three years’ background in all aspects of MAS 90/200.
• FC Bookkeeping including payroll and secretarial skills.
• Microsoft Word and Excel proficiency.
• Keep accurate records and files with monthly financial statements.
• Good track record with accounts payable, receivables, money handling, banking, and payroll.

Please send your resume and letter application to DiggerJobs@oan.org with Blind Box D in the subject line.

GREENHOUSE GROWER/MANAGER

Silvaseed Company is seeking an experienced grower to manage our forest seedling greenhouse operation. Seed handling, knowledge, plant production skills and crew management abilities are vital. We operate lean and expect a hands-on approach to all activities. We’re a longstanding member of the forest seedling production community and believe that our team of employees are as important as our customers. We would welcome your interest and will respond to all offered resumes.

Please respond to:
DavidGerdes@Silvaseed.com

GROWER

A leading Specimen Tree Nursery is looking to fill the position of Grower. Applicants must have a current Pesticide Applicators license and knowledge of IPM. Applicants must be self motivated and like to work with groups. The right candidate must be willing to teach and show workers proper pruning techniques for commercial shade tree production as well as help with various tasks around the nursery. 

Tree identification is a must as well as pest identification. Full benefit package as well as salary DOE. Send resume to tom@efnursery.com or fax to 503-357-5141.

GROWER

Pacific Plug & Liner has an exciting opportunity for a Grower to join our team at our Watsonville, CA site.

Pacific Plug & Liner was founded in October 1985 and is located in the beautiful California Central Coast with a climate ideal for plant production. We have approximately 290,000 sq. ft. dedicated to growing young plants. Pacific Plug & Liner features a state-of-the-art production facility, ensuring consistent and superior quality. This key position is responsible for cultural practices related to all plugs, liners, and containers grown at the Watsonville site and for the growth and development of the growing team. Success is measured through continued development of the growing organization in systems, knowledge and expertise as well as specific objectives regarding quality, and order fulfillment. Successful candidate will possess the following; Bachelor’s degree in horticulture or related field, 3 years’ industry experience, 3 years’ previous supervisory experience. We offer a competitive wage and benefits package which includes: Medical/Dental/Vision & 401K. To learn more about our company, & to see a more detailed job description, visit the careers page at smithgardens.com To apply, send your cover letter and resume to: human.resources@smithgardens.com

HELP WANTED

For jobs and key employees throughout California and the Northwest, call Florasearch, Inc. You know us. For more than three decades we have been bringing together key people and excellent companies in the nursery and greenhouse industries and allied trades. Check our references. Confidential. Employer pays fee.

PRODUCTION MANAGER

Large wholesale nursery seeks Production Manager to oversee all aspects of field operations for a 250-acre growing facility in Sacramento, California, including growth of a wide range of ornamental plant material, management of production planning, propagation, and labor and field processes. Candidates must have experience at a similar level. For more information or to apply please contact Mark Marriott: mmmarriott@villagenurseries.com

SECTION GROWER

Our Business is Growing! Smith Gardens has an exciting opportunity for a Section Grower to join our team at our Aurora, OR site. Smith Gardens, headquartered in Bellingham, Washington, is a 113-year-old, family-owned company with facilities in three states. The Aurora facility includes acres of greenhouses and outside growing area. The Section Grower is responsible for daily irrigation, fertilization and misting of crops. Coordinate with Head Grower to determine crop cultural needs. Maintain environmental controls, assists with pest controls, sanitation of area, and crop layout. Successful Candidate will have a pesticide applicator’s license, able to use and maintain spraying equipment, knowledge of basic bedding plant identification, previous leadership experience a plus. Bilingual (Spanish) preferred, both verbal and written. This is a year-round position with long hours and up to 6-days work weeks (which could include Saturday or Sunday based on business needs) during peak season, while also working outdoors and outdoors, in seasonal temperatures and conditions. To learn more about our company & see a more detailed Job description, visit our careers page at smithgardens.com

PLANT HEALTH MANAGER

Kraemer’s Nursery is searching for a Plant Health Manager to oversee all chemical applications in propagation, container grown and field grown nursery stock. The person in this position will manage a small group of applicators, diagnosing symptoms and creating a chemical program to treat diseases and pests. A college degree is preferable, along with a few years of experience. The manager will hold a current pesticide applicators license and ODL. The successful candidate will be proficient in Excel and will develop and manage a yearly chemical budget. Bilingual in Spanish is preferred. Competitive salary and benefits package available.
