AltSource is a driven software development team from Portland, Oregon, that is deeply rooted in the nursery industry. We specialize in building software solutions for areas of your business that aren't covered by most industry software packages. We enjoy tackling the challenging software problems for nursery-related businesses, from plant nurseries to harvesting machinery companies and everything in between. We build software that is an exact match for your unique operational needs. Since 2004, AltSource has been working with innovative business leaders to craft software applications of exceptional quality across all aspects of the enterprise.

Sunset Western Garden Collection, introduced in spring 2012, is the first plant collection designed specifically for the Western gardener. Sunset® magazine and Plant Development Services collaborated to bring these superior plant introductions to retail garden centers throughout California, Oregon and Washington. Our partnerships with local growers allow us to customize the collection to best meet the climatic differences of our diverse gardening regions. Encore® Azaleas are the world's best-selling reblooming azaleas with 30 varieties of rich, colorful blooms in spring, summer and fall. Plant Encore® Azaleas in your garden today and enjoy sustainable color season after season. Encore Azaleas are the only reblooming azalea that grow and bloom well in full sun or high-filtered shade.

We provide a selection of all-natural organic compost products that do not contain any manures or bio-solids, along with our line of composted chicken manure products that are all WSDA-registered for use in organic agriculture. We also have our uniquely granulated line of soil amendments made from the same organic compost for ease of use — no more pick-up trucks, wheelbarrows and pitchforks. Simply apply with a broadcast spreader, drop spreader, by hand or just add water and make an instant compost tea. Now you can use the same products that the farmer uses to grow your organic fruits and vegetables in your garden. All of our products are earth friendly and safe to use around children and pets.
